### Description

2021 Kaufman Trailers 2021 Kaufman Gooseneck Dump Trailer 7x16 17kGVW Dump Trailer

- Roller Tarp Included
- Ramps Included
- Upgraded 3/16" Floor Included
- Spare Tire Mounted on Rim Included

Kaufman Trailer's Heavy Duty 17000 GVWR Deluxe Gooseneck Dump Trailer is available in 16 ft. x 80 in. size. This premium gooseneck dump trailer is great for commercial users who wants the increased control that comes from a gooseneck hitch when towing. The frame is built with 8 channel with 8 channel uprights and gooseneck. The dump box is constructed with a tubing frame and channel cross-members, and has a one-piece floor upgraded 3/16 (.187) available thickness. Many of our competitors offer a 10 gauge floor as their version of "heavy duty". 10 gauge is .135 thick. Our .187 heavy duty option is 28% thicker than the Brand Name competitors heavy duty floor. The one-piece floor has d-ring tie-downs on all four corners. There is a 24 in. Combination barn doors and spreader tailgate. The 6 loading ramps slide in under the floor. The tailgate does NOT need to be removed to use the loading ramps. The raised front bulk-head and rear post assembly are made to accept side boards. An optional tarp kit is easily mounted on the front of the headboard (see options). The 17000 GVWR Deluxe Gooseneck Dump Trailer has a powerful scissor lift that is operated by a self-contained hydraulic pump. There is a deep cycle battery and remote control. Running gear is 8,000 lb. axles with 4-wheel brakes, heavy duty slipper spring suspension, and 215/75 R17.5 LRH radial tires. The 2-5/16 gooseneck coupler is adjustable along with a heavy duty 12,000 lb. drop foot jack. Full primer with two coats of automotive quality enamel with hardener make this a great-looking trailer. Safety chains, full reflective tape, and a break-a-way switch meet all

safety requirements. Trouble free lighting is assured with a U.S. made sealed modular wiring harness and lifetime LED lights on this 17000 GVWR Deluxe Gooseneck Dump Trailer
