### Features

- 2 5/16 Coupler

### Description

2021 KAUFMAN 16,000LB GVW DELUXE DECKOVER TAG ALONG TRAILER 8'X24'

16000 GVWR Deluxe Flatbed Trailer is built with a 10 in. I-beam mainframe. Crossmember spacing goes to 17 in. centers on the 3 in. channel cross-members and the outer rails increase to 6 over the Standard models 4 rails. This trailer has 18 ft. of flatbed with a 4 ft. dovetail and 5 ft. cleated swing up ramps for easy loading of equipment. The ramps are beefed up to 4 in. channel ramp frame runners. The tongue is cold formed in a hydraulic press for a one-piece main frame and tongue with stacked crossmembers. Two 7,000 lb. electric brake axles with heavy duty slipper spring suspension, and 16 in. radial tires provide a durable and long lasting gear. The lighting package upgrades to a US made sealed modular wiring harness with lifetime LED lighting. This Deluxe model includes a tool tray with a lockable lid. A heavy duty 12,000 lb. drop foot jack, stake pockets on the rub rail, treated wood flooring and an adjustable pintle ring on a heavy duty nose-plate complete the package deal on this 16000 GVWR Deluxe Flatbed Trailer.
