Description

2021 KAUFMAN FAFT-4K-20D DELUXE FULL TILT SINGLE CAR TRAILER, DIAMOND FLOOR

4K AXLES

20'

8000 GVWR

EMPTY WEIGHT 2300 LBS

Kaufman diamond floor tilt car trailers are manufactured with a rigid 5 channel frame and tongue. The 8,000 GVWR model adds 4K axles with 225/75 R15 LRD radial tires. The entire bed tilts for loading and is built with all tubing steel construction. 24 toe plates and the gradual loading angle, made possible by a total bed length (with toe plates) of 22 , make it possible to load sports cars with low clearance that will not load on standard ramp and dovetail car trailers. A hydraulic damper cushions the lowering of the bed during loading. Standard features on this high quality car trailer include a swing up jack, heavy duty diamond plate fenders, four-wheel brakes, radial tires, stake pockets with rub rail, and a sealed modular wiring harness with lifetime LED lights.
