### Features

- 2 5/16 Coupler

### Description

Kaufman's Deluxe Landscape Utility Trailer 8000 GVWR adds premium components in this deluxe package deal. Axles upgrade to 8,000 lb. capacity with an 8-ply rating radial tire upgrade. Our standard frame is the heaviest in the industry! It features 3x3 angle frame runners with 2.5x2.5 square tubing uprights and top rails. The tongue is a 4 channel wrap around. A fixed 2 5/16 A-frame coupler, swing up jack, stake pocket tie downs, heavy duty diamond plate fenders, four wheel brakes, and new wheels with radial tires are all standard. Wiring upgrades to a sealed modular US made wiring harness with lifetime LED lights. The lights are in an enclosed tubing tailboard that adds protection to the lights and wiring. The treated wood floor has a dovetail and the spring assist gate makes loading your landscape equipment easy on this Deluxe Landscape Utility Trailer 8000 GVWR..

Spare tire - add \$225
